

Grant Writing Services

Excalibur Education Group

In today's world of higher education reduced state funding, external funding and grant writing is crucial to institutional growth and improvement. However, it is often left on faculty and/or staff to spearhead processes they have not been trained. The Excalibur team can support your grant processes to increase your likelihood of being awarded important external funding.

Why Excalibur?

The Excalibur team has extensive experience with grants, and has been directly responsible for securing more than \$10 million at the institutions in funding. With experience in writing federal, state, and private foundation grants, Excalibur Education can help you seek and secure funding for your institution or initiative, including identifying WWC-approved "prior evidence" and creating an WWC-standards-focused evaluation plan.

The Grant Writing Process

Our five-step process leads to a comprehensive plan that reflect both feedback and data.

1. Review RFP with Campus Leaders
2. Collect Relevant Data for Application, including "prior evidence" identification
3. Identify Critical Campus Leaders to Develop Grant Application
4. Write Grant Application that Matches RFP Criteria and Campus Strengths
5. Conduct Multiple Reviews and Edits to Ensure a Quality Application

Elements of a Successful Application

Together, we will develop an outstanding application with the following qualities:

- Timeline and Deliverables
- Strategies Linked Directly to Outcomes
- Realistic Benchmarks and Goals
- Metrics and Monitoring
- Alignment of Program Outcomes to RFP
- Evaluation Plan

Teamwork is Critical

Through teamwork, Excalibur Education will deliver a high-quality grant application through:

- Multiple Reviews by Campus Leadership
- Involvement of Internal Stakeholders
- Partnerships with External Stakeholders
